## 'Talk of the Town' QE Careers Fair 19th October 2022

Thank you and well done to everyone who was involved along with our generous sponsors, Talk Think Do, Diverse Abilities and Saffery Champness in helping make the QE Careers Fair on 19th October an enormous success!

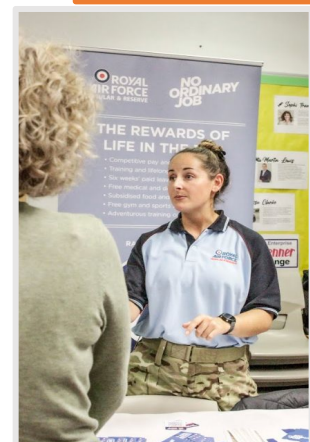

Feedback across the board was extremely positive from exhibitors, who are already wanting to secure their place at next years event! With full representation across all industries there really was something for everyone.

Our guest speakers, R&W Civil Engineering, NHS Careers, Saffery Tax and Finance, Rockley Park, Creative Arts, Higher Education, College and Apprenticeships were not short of listeners and gave bite size talks throughout the evening.

Parents and students from our QE community as well as surrounding Middle and Secondary schools buzzed with positivity and exciting conversation about what the futures holds for them.

A number of our sixth form students impressed employers so much on the night that they were offered interviews with the prospect of securing a future apprenticeship with the organisations!

### Deadlines Set ! Year 12 Block Work Experience

We are pleased to announce the dates for this years work experience week for the **whole of Year 12** students. **12th June 2023!** Now is the time to start considering where you want to work, ensuring its relevance to either the career you think you want to go into or to the subjects you are taking at A Level. Placements need to be secured by **20th March 2023** so over the coming weeks you need to start making contact with employers.

### Upcoming Open Days

- [Poole and Bournemouth College](#)
- [Brockenhurst College](#)
- [Kingston Maurward College](#)
- [Queen Elizabeth's 6th Form](#)

**NEW**

During our Pastoral Drop down-day on 20th October, we launched an excellent award-winning, online careers platform called Unifrog to all year groups. Students were given the opportunity to log into Unifrog, completing their initial set up and then given time to explore many of the features of this fantastic website, including taking online personality and Interest profile quizzes which we know evoked much discussion about the results within the classes

The Unifrog platform is designed to support learners in making informed decisions about their futures and has a range of tools that are suitable for all year groups. Helping students from exploring careers paths to picking GCSE options, researching universities and apprenticeships and making applications.

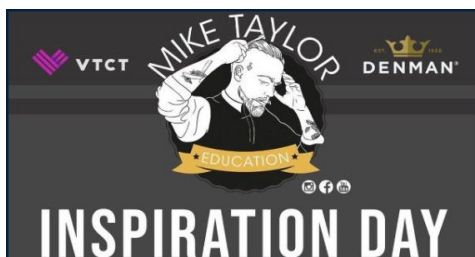

It also empowers teachers and counselors to help manage the progression process effectively.

Students can access the platform via the website

We have also set up a parent/carer login so that you can use Unifrog as if you were a student yourself, The sign up code you need is: **QUELparents**, it will be active for 90 days allowing you time to sign up via the link below [www.unifrog.org/code](http://www.unifrog.org/code)
