

## Languages at Queen Elizabeth's School

As part of our curriculum at Queen Elizabeth's school, all students will study a language in Year 9. When your child joins QE School in September 2026, they will be able to study either French or Spanish.

Please complete this Google form questionnaire below to help us to plan for the year ahead.

**Please note that this does not confirm which language your child will be studying, and only serves as an indication of preference.**

You will be receiving further information later on this year regarding your child's options in Modern Foreign Languages (MFL).

Please click on this [LINK](#) to access the questionnaire and please complete by Monday 1st June

Thank you for your assistance and support.
