

September 2026

Dear Parents and Carers,

I am writing to outline our homework expectations for the year and to explain how students can access and complete their homework.

Homework booklets are available online via the school website under [Curriculum → Homework](#). Students and parents will be able to view the homework planned for the remainder of the Autumn Term, allowing students to plan ahead and manage their workload.

Class teachers will continue to set the relevant homework on Google Classroom and will remind students which week's homework they need to complete and when it is due. Students should therefore check Google Classroom regularly and follow the instructions given by their subject teachers.

If you would prefer to purchase a printed copy of the homework booklet, a limited number are available from the school shop for £10. Payment should be made via ParentPay. Once payment has been received, copies will be sent to tutors to distribute to students.

Homework Expectations

Students should refer to the **guidance provided in the homework booklets** regarding the expected amount of time to be spent on homework each evening. This guidance is appropriate to each year group and is intended to help students manage their homework effectively and develop good study routines.

All homework is expected to be completed on time and to a high standard. Written work should include underlined dates and titles and should be completed clearly, neatly and to the best of the student's ability.

Students have been issued with green homework books in which to complete and keep their homework, unless directed otherwise. Where appropriate, homework may also be completed online.

If there are any issues with accessing or completing homework, students should speak to their subject teacher in the first instance.

Thank you for your continued support in helping students establish good homework routines and maintain high standards throughout the year.

Yours sincerely,

T Wood

Mr Wood

Assistant Headteacher for Raising Standards
