16 October 2026

Dear Parents and Carers,

You will shortly receive your child's first academic report from Queen Elizabeth's School. This report provides an early overview of how your child has settled into the school community. It includes their ability quintile (generated using their Key Stage Two data) and their current attainment quintile, which is generated for each subject from the baseline assessments this term. Additional guidance is enclosed in the report to explain the information you are receiving, or you can click here to see a short video which explains our assessment process for year 9 students. Alongside academic performance data, the report contains an attendance percentage, achievement and behaviour points to date, plus a short tutor comment reflecting on how each student has adjusted to life at QE.

We believe that sharing this information early in the academic year helps strengthen the partnership between home and school, and allows us to work together to support each student's progress. Should you have any questions or wish to discuss the report further, please don't hesitate to contact your child's tutor or Head of Year.

Yours sincerely

Dr Benjamin McCutcheon

Lead Practitioner and Assessment Lead
