### 2. Business background

For your business that you have selected, come up with an essay with the following headings.

1. How many people work within the business and what do they do?
2. How did your business start and where did the original idea come from?
3. Who are the founders of the business?
4. What does each department do within the business?
5. How did the business grow? You can use a timeline to demonstrate this.
