

Year 11 GCSE Science – The Plan that Can! - Combined science

Starting your revision early means you can spread it out and avoid last-minute panic. This timeline is to be used alongside your 10 minute test booklet. Ensure that you complete each test on schedule in black or blue ink. You must then use the answers from page 102 to self assess your work ensuring that you make corrections in green. Your teacher will be checking these in an agreed period once a week to ensure you are making progress and support with any questions. Focus your further revision on more challenging topics.
